System::Windows::Markup
::IComponentConnector

Battleship.Field

```
graph LR; A[Battleship.Field] --> B[System::Windows::Controls::UserControl]; A --> C[System::Windows::Markup::IComponentConnector];
```

The diagram illustrates inheritance relationships. A central box labeled 'Battleship.Field' has two arrows pointing to two separate boxes on the left. The top box is labeled 'System::Windows::Controls::UserControl' and the bottom box is labeled 'System::Windows::Markup::IComponentConnector'. This indicates that 'Battleship.Field' inherits from both 'System::Windows::Controls::UserControl' and 'System::Windows::Markup::IComponentConnector'.
