

IBattleshipController

```
classDiagram
    class IBattleshipController
    class MBC_Controllers_RandomBot["MBC.Controllers.RandomBot"]
    MBC_Controllers_RandomBot --|> IBattleshipController
```

The diagram illustrates a class hierarchy. At the top is the interface `IBattleshipController`, represented by a white box with a black border. Below it is the concrete class `MBC.Controllers.RandomBot`, represented by a gray box with a black border. A blue arrow points from the bottom of the `MBC.Controllers.RandomBot` box to the bottom of the `IBattleshipController` box, indicating that `MBC.Controllers.RandomBot` inherits from or implements `IBattleshipController`.

MBC.Controllers.RandomBot
