

AccoladeProcessor

```
graph BT; Comeback[MBC.Core.mbc.accolades.Comeback] --> AccoladeProcessor[AccoladeProcessor];
```

The diagram illustrates a class hierarchy. At the bottom is a gray-shaded box labeled 'MBC.Core.mbc.accolades.Comeback'. A blue arrow points vertically upwards from this box to a white box at the top labeled 'AccoladeProcessor'. This indicates that 'Comeback' is a subclass or inherits from 'AccoladeProcessor'.
